

World's No. 1  
in water heaters

ARISTON THERMO GROUP

Introducing

ET ER NO

- 4 star BEE rating\*
- Ideal for hard water
- Suitable for high-rise buildings and pressure pumps

From India's largest manufacturer and seller of water heaters.

The Eterno comes to you from Ariston Thermo Group, a leading multinational focused on manufacturing a complete range of space and water heating systems and services. With a global presence in 150 countries and 19 manufacturing units, it is the world's No1 in water heaters.

Eterno now features SPHP (Super Polymer High Performance) inner container, the very latest in water heater technology.

**SPHP Inner Container** - The inner container, a product of extensive research by the group's global R & D team, comes with a unique polymer protective coating specially developed for water heaters, ensuring:

- ▶ Best corrosion resistance against hard water
- ▶ Highest pressure withstanding capacity of upto 8 bars (80mtrs water head), makes it ideal for high rise buildings & pressure pump applications
- ▶ Highest energy efficiency in terms of heat loss owing to the low thermal conductivity of the special polymer
- ▶ Enhanced life of the heating element owing to the deposition of a special protective coating, due to the magnesium anode.

### SPECIAL FEATURES

**SAVES ENERGY**

Retains the temperature of water for a longer period of time, eventually offering a 4 star rating

**RUST PROOF BODY**

Prevents corrosion leaving no room for rust, ensuring its longer life.

**TEMPERATURE REGULATOR**

Makes it possible to regulate water temperature, thereby optimizing energy consumption.

**MULTI FUNCTION SAFETY VALVE**

Makes your water heater the safest with pressure relief, non-return, anti-vacuum and drainage function.

**ITALIAN THERMOSTAT & CUTOUT**

Conforms to international standards ensuring enhanced safety.

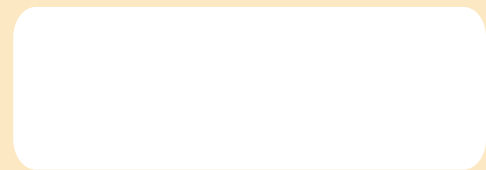

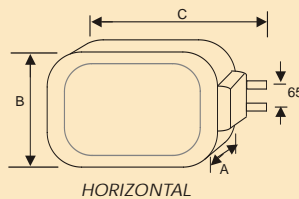

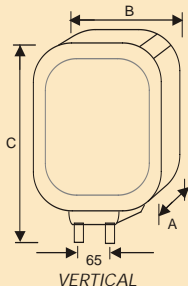

2 Years on Product  
3 Years on Heating element\*\*  
7 Years on Inner Container

### TECHNICAL DATA

Model	ETERNO 10	ETERNO 15	ETERNO 25	ETERNO 35
Capacity in Ltr.	10	15	25	35
Power Supply	← 230 Volts, 50 Hz Single Phase Ac →			
Wattage (kW)	2	2	2	2
Maximum Rated Pressure	8 bar (117 psi)	8 bar (117 psi)	8 bar (117 psi)	8 bar (117 psi)
Insulation	PUF	PUF	PUF	PUF
Thermostat	← Externally adjustable up to 75° C →			
Thermal Cutout	Available	Available	Available	Available
Installation Type	Vertical-Wall mounting	← Vertical and Horizontal-Wall/ Floor Mounting →		
Dimensions AxBxC	280 x 295 x 469	280 x 295 x 575	350 x 375 x 576	350 x 375 x 721

Specifications are subject to change without prior notice.  
All dimensions are in mm. Colours available: White and Ivory.
